The Secretary read a letter from a Christian mother of Norfolk asking the prayers
of the conference for her wayward son,
once a member of the Church.

The conference accepted an invitation
to be photographed from the NorfolkAcademy steps.

The Bishop appointed Professor Francis
H. Smith, of the University of Virginia,
and R. W. Peatross, of Danville, delegates
to the Peace Congress at Chicago.

MISSION BOARDS.

Dr. R. N. Sledd, chairman of the Board of Missions, addressed the conference. He said the collections are a little behind, but he hoped to have money enough to make all payments due. He reported a resolution, which was adopted, accepting the amount (\$7,483) apportioned by the parent board for liquidating a debt.

Dr. Lambeth, one of the secretaries of the Foreign Mission Board, addressed the body as to the great work conducted in the East by the Methodists. He briefly reviewed the field in Asia and the strong hold the Gospel has there and the progress it is steadily making. He spoke of the great development and resources of the East, in China and Japan, and their possible influence as factors in advancing and establishing the Christian religion.

To-day the Methodist Church of the South has 100 missionaries in the foreign fields, scattered throughout the Chinese Empire, Japan, Brazil, and Mexico; and in going over these fields the speaker gave avery interesting account and encouraging statistics of the growth of the various missions. The speaker worked mostly in China, and his account of the work of the stations there and the privations of the missionaries attracted the closest attention of his hearers. ONE HUNDRED MISSIONARIES.

missionaries attracted the closest attention of his hearers.
After remarks by the Bishop a collection was then taken up for the foreign mission cause and several thousand dollars raised.
Dr. Peterson moved that the amount asked for to extinguish the Mission Board debt be distributed among the several districts and pastoral charges of the Virginia Conference and raised by the 1st of March. Adopted.

NOTHING TO BAR REV. H. E. JOHNSON. NOTHING TO BAR BEV. H. E. JOHNSON.

NOTHING TO BARREY, H. E. JOHNSON.

The case of Dr. Henry E. Johnson was called up and the committee appointed to investigate the charges reported that after patient and careful investigation the committee find nothing to bar the introduction of Dr. H. E. Johnson on trial. The report was adopted and the name of Dr. Johnson was presented for admission on trial.

Rev. Dr. George L. Clarke took the floor Rev. Dr. George Le Clarke took the floor in opposition to Dr. Johnson, and reite-rated the charges as to the erratic charac-ter of the Dector in his ministerial career. Dr. Brown stated that all the charges had been fully considered by the committee and explained satisfactorily, and there was nothing found detrimental to his moral character.

The matter caused a very general dis-cussion among the ministers of the con-ference, after which Dr. Johnson was admitted on trial.

The report of the Board of Education was presented by Dr. Tudor, the chairman of the board, and stated that the extraordinary impetus given education in the last few years within the bounds of the conference was a reason for great gratitude to God. Randolph-Macon College has forty-seven theological students at present and the debt is \$28,000. Four students were sent to Vanderoit University. The Woman's College at Lynchburg will be finished in 1883. The Handolph-Macon Academy and other institutions of learning were alluded to and endorsed. EDUCATION REPORT. learning were alinded to and endorsed. The report recommended further endowment of Randolph-Macon College and Kandolph-Macon Academy, at Bedford Professor Smith addressed the confer-

ence in regard to the work at Randolph-Macon, and Professor Tillett that at Van-derbilt University.

The assignments of preachers for preach-ing to-morrow was announced and confer-ence adjourned to Monday morning. THE BROTHERROOD,

HOMESTEAD IS HAPPIER.

Many of the Old Carnegie Employees Re turning to Work.

(By telegraph to the Dispatch.)

Homesman, Pa., November 19.—The decision of the mechanical men and day-laborers to return to work has put the people of the town in a happier frame of mind than at any time during the lockout, and the business-men especially feel that Homestead will soon resume its former activity. There were 600 applications for work yesterday at the steel-works, and although many were turned away because their positions had been taken by non-union men, they have good reason to believe it is a question of only a short time before nearly all the men will be back again. The mill-yard is fall of old iron and scrap, and it seems to be no secret that the company is as well pleased as the men that the strike has, to a cortain extent, been declared off. Several Amalgameted men are known to have applied for their old positions, and, so far as learned, some were refused. Men charged with rioting have been given miscon, not. (By telegraph to the Dispatch.)

withstanding the company's former declarations. Applications for work were received at a lively rate to-day. The company has notified the foremen to discharge only incompetent men to make room for the old men. The incompetent list is found to be large, judging from the number of old men being taken back.

GONE WITH HIS TYPEWRITER. And with Several Thousand Dollars

His Employers' Money. (By telegraph to the Dispatch.)

HELENA, MONT. November 10.—C. W. Ridgeway, general manager of the Rocky Mountain Telegraph Company, is missing, and several thousand dollars of the company's money has also disappeared with him. Mra. Snyder, his former typewriter, is also absent and it is believed she has gone with him. Ridgeway checked every dollar of the company's money out of the bank besides overdrawing the account several thousand dollars. As general manager he had also given notes and appropriated the money to his own use. There are also many unpaid bills. Altogether, Ridgeway's transactions amount to thousands. Ridgeway is a married man. His wife and three children were sent to Denver some months ago and he took up with the Snyder woman. He had also lost heavily at cards. [By telegraph to the Dispatch.] heavily at cards.

Hunting an Outlaw.

Hunting an Outlaw.

[By telegraph to the Dispatch.]

Minden, I.A., November 19—[Special to the Associated Press).—The latest news from the upper part of the parish, where Link Waggoner, the now noted outlaw, is dodging a posse, is that a dozen men who are supposed to be in sympathy with him and who are keeping him posted on the movements of the posse have been arrested and are now in jail under a strong guard. Waggoner has been seen and this has given impetus to the search. Fifty armed men are ready here to go in aid of the Sheriff in necessary. A messenger last night brought in word that Holland, whom Waggoner recently shot, was dead and that his brother, who hails from Magnolia, Ark., offered \$1.000 reward for the capture of the murderer.

An Irish Eviction.

[By Anglo-American cable to the Dispatch.]

London, November 19.—The Cork correspondent of the Times describes an eviction near Kanturk. A sheriff's party and twenty policemen went to evict Carctaker Murphy. They found the crops trampled down, the trees in the orchard uprooted, and the house barricaded. The inmates kept the party at bey for two hours with red-hot irons and boiling water. The bailiffs, having finally effected an entrance, had to fight their way from room to room, eventually succeeding in arresting eight persons. Many of the bailiffs and policemen were burned and scalded.
